

**Directions to Red Cedar Lodge  
at the Heaton Ranch**

**From Cedar City:**

Drive east up Cedar Canyon on Hwy 14 about 37 Miles. When you pass the 37 mile marker, watch for a sign on the right which will say Stout Canyon. Turn right onto a well-traveled dirt road. When you get up into the trees there will be another sign indicating Stout Canyon and Harris Rim. Keep left on Stout Canyon road and follow this road approximately 6 miles.

Watch for a sign on the right at a gate entrance which says Heaton Ranch. This is the old Ranch.

Drive through the gate and follow the road past the Ranch House.

Follow the road through two more gates to the Red Cedar Lodge.

The road will fork after the second gate but either road will take you to Red Cedar Lodge.

**From Kanab:**

Drive north on Hwy 89 through Orderville and Glendale.

About 3 miles past Glendale there will be a Ranch turnoff to the left. It is unmarked, but there is a sign across the highway to the right very close to the turnoff indicating a rest stop ahead. There is also a dumpster and a cattleguard where you turn left off the highway. (If you get to the actual rest stop on the highway, you have just missed the turnoff.)

Drive about 3 miles on a well-traveled dirt road to Heaton Ranch.

Watch for a sign on the left at a gate entrance which says Heaton Ranch. This is the old ranch.

Follow the directions above to get to Red Cedar Lodge.
